

Biohit Proline® Plus

The experienced R&D personnel of Biohit have combined the innovative ideas from the early years with new, modern pipette design and technology to create the Proline Plus. Particular emphasis has been put on safety, ergonomics, and efficiency in pipetting, as well as on the high quality of the device.

The Proline Plus pipette family offers a wide variety of micropipets, tips and stands to meet your classroom needs. The new Proline Plus incorporates 25 years of experience including a unique combination of novel and patented features.

- Available in single-channel and multichannel
- Reduced pipetting forces prevent RSI and improve results
- Accurate and precise pipetting
- Contamination-free pipetting with Safe-Cone Filters
- Robust design
- Fully autoclavable
- Optiload tip sealing in all multichannel pipettes
- Uses both Biohit brand and other major brands of pipette tips
- Simple and easy to maintain
- Easy to adjust and read volume

Adjustable Volume

Limited time offer! Buy 3 get 1 free Biohit bulk tips

Biohit Bulk Tips - The economic option

- Completely recyclable
- Available for non-filtered tips in boxes with 100, 400 or 1000 tips
- Packed in plastic bag inside the cardboard box
- Manufactured according to the same quality requirements as all other Biohit tips

New tip boxes

- The new rigid and strong polypropylene boxes and trays are fully autoclavable.
- The tray holds 96 highest grade non-wettable virgin polypropylene tips in a 8 x 12 microplate format.
- The new flip-top boxes are single-hand operated for opening and closing.
- The color coding of the tip trays allows immediate tip volume recognition.
